

Quality wood furniture is part nature and part nurture.

We have something in common: A shared appreciation for the beauty and warmth that only wood affords. The intimacy of wood furniture has a unique ability to soften the harshness of the business world. Understanding the aesthetics and performance of all species of wood has enabled CCN to craft impeccable office furniture for more than 20 years.

Visit [www.ccnintl.com](http://www.ccnintl.com) for specific details on our vast showcase of furniture styles, and to use our 3D interactive room planner.
